

## Results/ feedback report 2016:

For our PE targets in the Autumn Term I have produced a report from the end of year PE and sports questionnaire 2016, and prioritised some key actions for the forthcoming year, some of which may lead into the 2016/17 PE Premium Funding Report.

### Positive comments:

I was very grateful to receive some lovely comments from parents at the end of last year about their child's PE experiences. I've tried to summarise some of these below.

*"My child has really enjoyed the different games that they have played in PE."*

*"My child has enjoyed every aspect of their PE lessons this year. It has made a real difference within our school having our own PE teacher."*

*"My child has enjoyed the exercise that has made them hot and sweaty as they know they are exercising well and enjoying it."*

*"My child is now having tennis lessons as a result of the tennis festival."*

*"The children are more active outside of school."*

*"My child is enthusiastic about playing sport and wants to sign up to different activities."*

*"My child said they loved sports day and really enjoyed the health and Olympics week, especially."*

*"My child has loved representing the school and learning new skills along the way."*

### Areas for development:

- Variety of provision of different extra-curricular activities, including the less traditional activities.

I have had many suggestions from parents that they would like their child to be offered the opportunity to take part in different sporting activities such as football and gymnastics. I have liaised with Tom Elliott, the Bridgwater Area Manager for Premier Sport, and we will be trialling three of their clubs in the Autumn Term this year, which include: Years 1-3 gymnastics, Years 1-3 multi-skills, and Years 4-6 alternate activities. This is following the success of their Road to Rio PE sessions last year, and in addition to the three after school clubs I will provide, and one that Mr Piper will run.

- Earlier information to parents about events including transport where possible.

I do aim to give parents a minimum of one week's notice prior to an event/ fixture. However, this is not always enough due to their other commitments. This year I will prioritise the events we are attending, and aim to give parents the information when I have it by utilising our website, blog system and twitter account. There is also a monthly calendar on our PE noticeboard by lost property which will be updated daily with any upcoming events within school and in extra-curricular activities.

- Using a variety of equipment to allow greater differentiation.

We do have a wide range of equipment available to us in PE, however we have been fortunate to be able to contribute to this over the summer and into the autumn. In the lead up to the holidays, we were able to use all of the active kids vouchers to buy some quality equipment which children will be able to use at lunchtime and in PE. The PTA have also kindly agreed to help us fund the purchase of some football goals and gymnastics mats which will increase the quality of learning in both of these activity areas.

- Interaction of older and younger children.

We aim to provide our older children with more leadership opportunities this year. Last year, some of our Year 6's had the opportunity to learn and deliver some judo to KS1 children at St Mary's School, and this year we would like to involve our Year 5's and 6's in leading within school. This will involve them being trained up as 'playground leaders', with the intention of them delivering activities to the younger children during lunchtimes.
